

Wedding Spa Packages available at Spa Nevis

***Calm, Relaxed and Beautiful... It's your special day so
treat yourself and your bride attendants to
a day at the spa!***

Bridesmaids are the most important women in your life and the people you have chosen to stand next to you on your wedding day. Show your appreciation by giving them a well-chosen bridesmaid gift. Treating your special friends to a relaxing day at our spa is a great way to shake off the pressures just before the wedding. This is a special way to thank your bridesmaids for all they have done in the planning and preparations of your big day. We can provide you with a place to get back to the basics of your friendships: champagne, relaxing music, laughter and of course a selection of spa treatments. The idea of relaxing together is a great way to spend the day while the guys are out golfing.

Don't forget to pamper the flower girl or young ladies in the group as well with a princess pedicure or manicure. The spa and relaxation areas may also be reserved in advance for small private receptions and seated catered lunches.

Our basic wedding package rates are as follows:

Choose either a 3/4 hour Massage or 3/4 hour Facial or 3/4 hour Pedicure for only \$49 each. For all other treatments you are entitled to a \$5 discount on any other spa services valued at over \$55 (minimum of four guests required).

Please contact Spa Nevis for more details.
